## Local charities receive funds from first 'Community Product Initiative'

Vince's annual program wraps up inaugural year with significant donations, driven by customers and staff

**NEWMARKET, ON, JANUARY 9, 2019:** Year one of the 'Community Product Initiative' wrapped up today, with an announcement of the overall final tally of \$25,164 – and a cheque presentation to four life-changing organizations.

The program launched in January 2018, and has been growing weekly with funds accruing at each of the four main stores, where staff and customers had helped select a local charity. With each flyer, a new 'community product' was identified, from which 15 percent of total sales of that item were set aside.

"To say we are pleased with the response would be an understatement," said Giancarlo Trimarchi, partner, CFO and Controller at Vince's Market. "This was driven by team members and customers, and the amount raised exceeded our expectations."

Representatives from each of the four recipient organizations were on hand to receive their share of the donations.

"The funds raised are greatly appreciated by all of our staff, and the Township of Uxbridge and Scugog," said Animal Control Officer Jessica Pett. "The money will be used to fund, create improvements, purchase equipment and improve the level of care for animals in the new Uxbridge-Scugog Animal Shelter."

A representative from Tottenham Food Bank noted that the funds will be put to good use keeping shelves full during those periods when donations are down. "This time of year we get a lot of volume," said food bank president Robin Hawkes. "Between Thanksgiving and Christmas, however, we are very lucky, but that has to last us until Thanksgiving again next year."

Blue Door Shelters operates three emergency housing facilities, Leeder Place, Porter Place and Kevin's Place, providing a safety net for the families, men and youth in York Region. Business Director Emmy Kelly noted the donation will be used for, "the provision of the Employment and Housing Start-Up Programs, life skills and support groups. These are designed to empower clients to connect to the community and thereby increase their chances of retaining housing."

Doane House Hospice Executive Director Juliet Irish adds: "Vince's Annual Community Product Initiative is a wonderful idea, as it brings great awareness to the charities, as well as much-needed funds. We are earmarking their donation to our Caregiver Self-Care program. As the quote from Eleanor Brown says: 'Rest and self-care are so important. When you take time to replenish your spirit, it allows you to serve others from the overflow. You cannot serve from an empty vessel'."
